The Howard Center for Human Services is committed to and responsible for protecting the privacy of your health information. The information we ask from you on the front of this form will help us to fulfill this responsibility.

Name of person whose information is being requested: This is the name of the person that the Agency has provided services to and is keeping information on. This should not be confused with the individual or an individual's parent/guardian.

Birth Date: Along with your name we use your birthday as a means to identify you. On occasion we may ask for more information such as your social security number. We do this because some names are common and birthdays and social security numbers can be used to identify the right person.

Name and address of person/agency making the disclosure: This is the organization or person you are asking to disclose information about you. In most cases this will be the Agency but we could be asking for information from another provider. Be sure to include the address or we will not know where to send it.

Name and address of person/agency receiving the disclosure: We are asking who and where you want us to send the information. If the Agency is requesting the information then our name and address will be listed here.

Reciprocity: If you want to have information exchanged freely between both parties listed, circle "Yes". If you are only authorizing the first party to disclose your health information to the second party, but not vice-versa, circle "No".

Information: What kind of information do you want released? Circle Y for yes for each information type you want us to disclose. Circle N for no for the information types you DO NOT want us to disclose. You need to answer Y or N for each information type so we can make sure we are only releasing the information you wish.

Purpose of this disclosure: By telling us why you want this information disclosed, we can ensure we only release the minimum amount of information necessary to meet the purpose of this release. If you don't want to tell us, you can write, "At the request of the individual" in this section.

Means of Disclosure: Health information is kept in various way and we need to know in which way you want us to disclose it. At this time most of the health information we keep is in written form.

Date or event upon which this authorization will expire: Tell us when we should no longer release information about you. In most cases that will be after we have sent the information requested to the party you wanted to receive it. This authorization will automatically expire a year from the date you signed it unless you tell us an event or other date when it should end.

Signatures: In order for the Agency to honor your request, the authorization form must by signed by you if you are an adult or an emancipated minor. If you are an adult but have a legal guardian or representative they must sign this form. If you are under 18 years of age your parent/guardian must sign for you. However, if you are a minor who is 12 years of age or older and sought confidential drug/alcohol treatment under a physician's care then only you can sign this form not your parents or guardians. The Agency requires a copy of guardianship papers or documentation of legal representation in order to honor a release from a guardian or legal representative. All signatures must be dated. In order to protect your information we may ask you to provide identification to make sure you are you. The witness signature is not required but can help us identify you if a member of our staff who knows you signs as the witness.

Revoking Authorization: If you decide to change your mind about disclosing this information in the future, you can take back your authorization. Call or stop in to complete this section. *This change would only stop future disclosures and sharing of information, but does not apply to past disclosures.*

Please make sure you fill in the entire form. Failure to fill in all of the information, as described above, will result in an invalid authorization and the Agency will be unable to fulfill your request.

Send the completed authorization to: **HCHS**PSCC **855 Pine St. Burlington, VT 05401**
